

Shuffle Off To Buffalo ***July 14 -18, 2010***

“Shuffle Off To Buffalo”

Often the aromas coming from the kitchen on a holiday whet our appetites so we can hardly wait for dinner.

State Conventions are like those aromas drawing us on to the National Convention. National is the realization of what the state aromas hint at. If you have gone to a State Convention and enjoyed it, you’re going love National. They are held in very attractive locations such as the Buffalo/Niagara Falls area at the Adams Mark Hotel.

The perks are interesting and enjoyable such as the side trips during your free time. Please don’t forget to file early for your passport if you go to the Canadian side to see the Falls. Be on the lookout for information on the Tours.

Above all however, the real value of the National Convention is in the opportunity to grow in diverse ways as a CDA member. Workshops are held on various aspects of the organization as well as personal enrichment topics. There are also opportunities for prayer and for bonding with other women who share your vision and goals. Informal conversations often help to solve problems and give new insights on situations “back home”.

National is a time to listen, learn, laugh and luxuriate. So don’t just get in a barrel and go over the “Falls”- Shuffle off to Buffalo.

Be on the lookout for information on the Tours.
