HATXFELD AUDITORIUM IN HANNAN HALL

*"A Feather on the Breath of God: Hildegard of Bingen's words of wisdom for modern American Catholic Women."*

By

**Helen Osman**

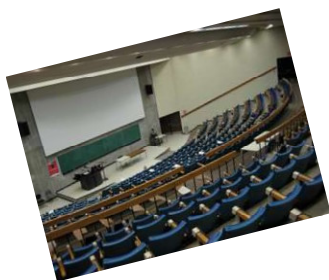

Helen Osman is Director of Communications of the United States Conference of Catholic Bishops (USCCB) and a former president of the Catholic Press Association. She is also former editor of a diocesan newspaper (Austin, TX), and, in view of her position, well known in the corridors of power in Rome, which she visits frequently. You may have seen her pictured in the Catholic press in the last few years. With all the above, she is wife, mother to four adult children, and grandmother of two with one more on the way.

Hildegard of Bingen will be canonized a saint in the fall and at that time she will also be declared a doctor of the church. This is your opportunity to learn more about this saintly woman.

A reception will follow the lecture. You will have an opportunity to visit with Mrs. Osman as well as share your thoughts with others who have attended.
